

Let's "Go Green"!

In our continuing efforts to help support the preservation of our environment, Joerns Healthcare adopted a "go green" initiative. As a part of that initiative, we developed a proprietary distribution system that better aligns with the ever advancing technology of today. You no longer have to rely on "snail mail" for the delivery of your invoices, or take the chance that they will arrive damaged or be misdirected to the incorrect party.

Some advantages of automated invoice delivery include:

- ◊ More direct, reliable and timely delivery
- ◊ Historical tracking of the exact date, time and method of distribution
- ◊ Elimination of patient privacy issues due to a package being torn in transit

Our automated email distribution allows you to designate no more than two (2) invoice recipients of your choosing for automated invoice distribution.

To update your account, please fill out the information below and submit:

FACILITY BILL-TO NAME
